

Sam Snyder

I was raised Episcopalian, living in Ferguson and going to church at St. Stephen's. I once drew people to the church carnival by walking up and down a very busy Florissant Road in full clown costume and makeup, which should prove my willingness to think outside the box on the vestry! After earning a bachelor's in History at UMSL, I met my better half Ashley while earning a master's in History at WashU, where we began attending Sts. Michael and George. I then spent eleven years in UMSL Admissions, during which we had our daughter Madeleine.

In 2018, I took a job handling insurance for Enterprise, moved to Creve Coeur, and joined St. Tim's. It was a big year for the Snyder family; Maddy also started kindergarten at Spoede. We immediately felt welcome at St. Tim's and are happy to be part of such a warm community.

In my free time, I particularly enjoy reading, walking, and spending time with my family. Many of you have probably seen us at the 9 AM service, though we went to the 10:45 occasionally. I've tried to participate in church life as best I can and have enjoyed my time at potlucks, church camp, and other events. I would be honored to serve on the vestry and hope to help the church fulfill its mission in these challenging times.
